Dear Holy Spirit Parishioner:

As part of the Long-Range Planning Committee's continuing effort to develop a strategic plan for the Church of the Holy Spirit, we are sending you the attached questionnaire asking for your input on several important courses of action which have been identified either by the Archdiocese or the parish in general. After conducting previous surveys and listening sessions over the last two years, we need to determine what steps we should focus on next. One obvious step is the construction of a "multi-purpose" facility. It is obvious, because you have indicated such a need in our earlier requests for feedback. We are trying to get more specific about what the facility should be used for and what amenities should be included in it.

You will note on the questionnaire that there are 4 sections: The first two are directly related to the proposed "multi-purpose" facility, the third section contains some questions which will help us reply to Archdiocesan Long Range Planning Committee requirements, and the last section is a small group of questions that will help our parish decide if we need to be planning on the possibility of building an elementary school within the next 10 years or so.

We ask that you read and reflect about the questionnaire before completing it. Your answers are very important to us. **These surveys are completely anonymous.** The information you provide is vital to the future of our parish. We estimate that the survey will take approximately 10 minutes to complete. Please complete one survey form per household. If you would like to provide further comments, please feel free to attach additional sheets to your survey form.

You may return your completed surveys by mailing it to the church in the attached pre-addressed envelope. Or, if you prefer you may place it in the collection basket or place it in one of the survey boxes (located in the vestibule and the gallery). Please return your survey by Monday, May 30, 2005.

If you have any questions about the survey form or the planning process, please feel free to call one of us. Thank you in advance for your help with this important process.

Gratefully in Christ,

Fr. Charles Troncale
